The budget analysis conducted in October 2018 shows that the County Government of Nandi does not have a budget line for family planning for FY 2018/2019. However, indirect family planning allocation by the County Government of Nandi was estimated for the period 2016/2017 to 2018/2019 as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Health allocation</th>
<th>FP estimate</th>
<th>% FP of Health</th>

<tbody>
<tr>
<td>FY 16/17</td>
<td>69,035,162</td>
<td>1,939,050,605</td>
<td>4.5%</td>
</tr>
<tr>
<td>FY 17/18</td>
<td>78,198,864</td>

<td>5.1%</td>
</tr>
<tr>
<td>FY 18/19</td>
<td>68,305,073</td>

*Indirect family planning allocation by County Governments was estimated per county based on workload statistics from the District Health Information System (DHIS) and subjected to county allocation to health. For FY 2018/19, the service utilization statistics and the rates used were recorded based on the average change between the preceding period. Then the weights were used to derive possible allocations for family planning.

KEY COUNTY STATISTICS

- **Total Fertility Rate**: 4.0
- **Contraceptive Prevalence Rate** (any modern method): 59%
- **Teenage Pregnancy**: 15.6%

POLICY BASIS FOR FAMILY PLANNING

The County Government of Nandi has two key policy documents that guide investment decisions about family planning for the county:

   - Nandi County, through the Nandi County integrated development Plan (CIDP) 2018-2022, commits to increasing access to family planning services, establishing youth friendly services, while also intensifying programmes to address myths and misconceptions on certain methods of family planning.

b. Nandi County Family Planning Costed Implementation Plan 2016-2021
   - Nandi County, through the Nandi County family planning costed implementation plan (2016 - 2021) estimates that the county needs KES. 218,294,588 Million for the county’s family planning programme** for year three of the plan.

INTERNATIONAL FAMILY PLANNING COMMITMENTS (FP2020)

The Government of Kenya, at the 2017 London summit on family planning made the following commitments:

- Increase the portion of the national budget for family planning services, specifically through a budget line allocated to the family planning.
- All 47 counties will have a family planning costed implementation plan by 2020 and include specific goals and strategies for adolescents.
- Health facilities offering youth-friendly services increased from 10% to 30% by 2020 and 50% by 2025.

RECOMMENDATIONS

1. The County Government of Nandi needs to continue honouring its commitment of providing access to family planning services and contraceptives to residents as outlined in the County Integrated Development Plan (CIDP) 2018-2022 and the Nandi County Family Planning Costed Implementation Plan 2016-2021.

2. The County Government of Nandi needs to have a family planning budget line in future to enable the county meet Kenya’s FP2020 commitment.

3. The County Government of Nandi needs to increase the proportion of health facilities offering youth-friendly services to at least 30% by 2020 in line with Kenya’s FP2020 commitment.

"This plan is designed to be comprehensive focusing on identifying the gaps in reproductive and family planning needs and to develop strategies to address the same. It focuses on ensuring equity, people centeredness, participatory approach, efficiency, a multi-sectoral approach, and social accountability in the delivery of reproductive healthcare services. The plan embraces the principles of protecting the rights and fundamental freedoms of specific groups of persons, including the right to health of women of reproductive age, young people, male and people with special needs.
