To arrive at these estimates, our study examined the following documents: Budget Policy Statement (BPS), Programme Budget Estimates, County Implementation Reports, Budget Review and Outlook Papers, sector budget documents from the MoH, RMHSU, KNH and MTRH.

* Indirect allocation for family planning by County Governments was estimated per county based on workload statistics from the District Health Information System (DHIS) and subjected to county allocation to health. For FY 2018/19, the service utilization statistics and thus the rates used were recorded based on the average change between the preceding period. Then the weights were used to derive possible allocations for family planning.

**INTERNATIONAL FAMILY PLANNING COMMITMENTS (FP2020)**

The Government of Kenya, at the 2017 London summit on family planning made the following commitments:

- Increase the portion of the national budget for family planning services, specifically through a budget line allocated to the family planning.
- All 47 counties will have a family planning costed implementation plan by 2020 and include specific goals and strategies for adolescents.
- All 47 counties have a family planning budget line by 2020.
- Health facilities offering youth-friendly services increased from 10% to 30% by 2020 and 50% by 2025.

---

**RECOMMENDATIONS**

1. The County Government of Uasin Gishu needs **to finalise on its Family Planning Costed Implementation Plan** to provide a policy basis for investments for the county’s family planning programme in line with the Uasin Gishu County Integrated Development Plan (CIDP) 2018-2022.

2. The County Government of Uasin Gishu needs to have **a family planning budget line** in future to enable the county meet Kenya’s FP2020 commitment.

3. The County Government of Uasin Gishu needs **to increase the proportion of Health facilities offering youth-friendly services** to at least 30% by 2020 in line with Kenya’s FP2020 commitment.
